The Company

We are oldest switch-makers of India since 1935. An era where producing a high grade electrical switch was inconceivable, our founder Late Shri Shanti Swarup Khosla manufactured the superlative tumbler switches and electrical accessories , with the vision to bring light to the homes of India. The vision was further enhanced by his son, Late Shri Krishan Swarup Khosla who brought a major turnaround in the company with his creativity and exceptional organisation skills, he originated high tech modular and luxury switches and myriad of electrical commodities. This legacy of excellence and expansion is further carried forward by our Managing Director Shri Nitin Khosla who emphasises on maintaining a long lasting relationship with the clients through quality perfection. SSK has revolutionised the electrical engineering industry with its unwavering quest for bringing state of the art products and technology to the nation.

Lica
 DX

Easy to Install

Convenient brass terminals screws
anti skid

Unique smooth locking clips

Performance of SSK LICA DX switches tested at our lab :-

- ▲ It withstood 3KV (rms) for 2 minutes.
- ▲ It did not increase 14°C after 50,000 operations in 10AX accessories and 18°C after 50,000 operations in 16 amp accessories.
- ▲ Not exceeded 7mv after 1,20,000 ON-OFF operations in 6 amp and 9mv in 16 amp.
(After this endurance test the products were found in good working conditions).
- ▲ Found more than 500M ohms (after humidity treatment).
- ▲ We tested our switches at 1,20,000 operations on load. (Even after this test, switches worked properly).
- ▲ Tested at a maximum impact energy 1Nm for all rating and designs. (Hammer stoke test from a distance of 270mm).
- ▲ Switches and sockets were tested at 130% of all rated current and 110% of the rated voltage for 1500 operations and were found to be in good working conditions thereafter.
- ▲ There was no sign of any impression on the body (insulation material) of our products, after heating at 125°C for 100 minutes.
- ▲ Was not effected by abnormal heat and fire at 850°C.

*Perfectly designed
for your imagination*

Terms and Conditions :-

- Prices are in Indian Rupees.
- This price list supersedes all previous price lists.
- Prices are subject to change without prior notice.
- Dispute if any are subject to Kapurthala jurisdiction only.

Warranty Policy :-

- All switches and sockets carry a warranty of 10 years from the date of purchase except L.E.D. indicators, Regulators, AC Starters and Electronic Items.
- L.E.D. Indicators Regulators, AC Starters and Electronic Items carry a warranty of 2 years from the date of purchase.
- The warranty does not cover metal wall boxes.
- The warranty is applicable only against manufacturing defects or faulty workmanship.
- The warranty is however subject to the provision of proper usage and does not cover surface coated products, normal wear and tear of parts, defects arising out of fire, accident, voltage fluctuations and willful or accidental damage.
- The manufacturer will not be liable for any consequential loss, injury or damages attributable to defect or failure of its products.
- The company reserves the right to change/improve the design, without prior notice. In such cases, replacements shall be carried out with the design prevailing at that point in time.
